

DEPOSITE AGREEMENT

Description of cat/kitten:

Name: _____ D.O.B.: _____ Registration # _____

Breed: _____ Color: _____ Sex: _____

Sire: _____ Dam: _____

On this ____ day of _____ 20__ a deposit of \$_____ has been received from Purchaser to be applied toward the agreed purchase price of above described cat/kitten when agreed upon. The balance due must be paid by _____ and the above mentioned cat/kitten will not be released to the new owner until balance is paid.

The purpose of the deposit is to insure the purchaser's intent to purchase the above described cat/kitten. It is not refundable should the Purchaser, for any reason, change his/her mind about purchasing the cat/kitten prior to the initial veterinarian examination described in the Sale contract. The above said cat/kitten is being held for the Purchaser and will not be sold to any other buyer, regardless. A breach of contract, either verbal, written or through neglect or avoidance to communicate, on Purchaser's part can jeopardize the chance of finding the above said cat/kitten a new home as quickly as possible. For this reason deposits are not refundable to insure Purchaser's commitment to purchase above said cat/kitten, pay the balance due as indicated above and to accept delivery at that time or pay a boarding fee.

The purpose of this Deposit Agreement also serves as a guarantee for the amount of deposit. The amount of deposit will be refunded to the Purchaser if Seller fails to make available the above said cat/kitten to Purchaser. However, Seller reserves the option to offer a replacement cat/kitten and Purchaser is intitled to accept or decline.

Kittens are ready to go at 12 weeks of age. Should the Buyer request that the kitten be held for a period beyond 14 days after this time, a boarding charge of _____ per day will be accrued, unless specific arrangements to the contrary have been made between parties.
